Welcome to ACU - a place to call home

At ACU, we're a university unlike any other. Large enough to make our mark on the world, but small enough that you'll feel part of the ACU family. Driven by the Catholic intellectual tradition, but welcoming of people from all cultures and faiths. When you choose ACU, you'll be choosing more than just a university qualification from an overseas university. You'll be choosing a place to call home.

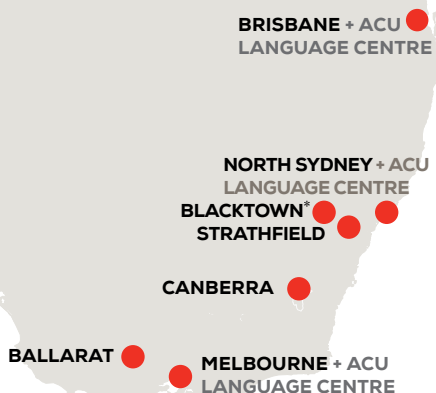

We may have started small, but today, we're one of the fastest growing universities in Australia. We have more than 32,000 students from more than 108 countries, and over 2,200 highly qualified staff who are committed to ACU's unique approach to education.

As a publicly-funded university, we strongly believe in our responsibility to advance the common good. We're committed to standing up for people in need and for causes that matter, and if you've got the desire to make an impact, we'll give you the skills to change the world.

As a student, you have a lot to gain. You'll become part of the fabric of the University, an expert in your field of enquiry and an agent of community change.

Homestay

Homestay accommodation gives you the opportunity to live with a local family while studying in Australia. It is available from a few weeks to many months. By living with an Australian family, you will get a better understanding of Australian life.

RENTAL ACCOMMODATION (SHARED AND PRIVATE)

Temporary housing

It's a good idea to book a short-term accommodation option for your arrival in Australia, particularly for the first one or two weeks. This option provides you with housing on arrival and gives you the opportunity to search for permanent accommodation once you have settled in.

acu.edu.au/student-accommodation

Private/shared housing

You should budget approximately A\$150-\$300 per week to rent a property shared with others. Utilities and food are not included in this estimate. Rental prices vary depending on location. You may choose to live in private rental accommodation near your campus or in the city, depending on your budget. We do not recommend securing private or shared accommodation before arriving in Australia as it is best to view each property in person.

acu.edu.au/student-accommodation

Please note: Accommodation information provided in this guide is for your convenience. You will need to make your accommodation decision based on the best fit for your needs.

Living costs

One of the biggest challenges when moving to study in a new country is managing a budget. You can reduce your living costs by:

- sharing accommodation and meals with other students
- avoiding suburbs that are close to the city centre or the beach
- shopping carefully.

Rent is based on sharing a privately rented house. Initial expenses for the first few weeks for temporary accommodation will be higher than those listed in the table (see below), until you find suitable permanent accommodation.

acu.edu.au/int_living_costs

Understanding the average cost of living in Australia is a vital component of your financial planning.

To gain a more precise understanding, visit the following website: studyaustralia.gov.au/english/live/living-costs

OVERSEAS STUDENT HEALTH COVER

The Australian government requires all international student visa holders and their dependants to obtain health insurance for the duration of their visas. If you are not a student visa holder, you do not need Overseas Student Health Cover (OSHC).

acu.edu.au/int-health

Please note: OSHC will not cover any pre-existing conditions (ie those which existed within 18 months before the student began study). The University's preferred OSHC provider is Allianz Care: allianzcare.com.au/en/student-visa-oshc.html

VISAS

You must have a valid visa to enter and study in Australia. You may use a visitor visa to undertake up to 12 weeks of study. A working Holiday Visa or Work and Holiday Visa will allow you to study up to 16 weeks. If you intend to study for a longer period, you will need a student visa.

For more information on how to apply and what visa types might be suitable for you, please contact your nearest Consulate, Australian Embassy or High Commission which you can find at: homeaffairs.gov.au

EMPLOYMENT

Under Australian immigration regulations, international students with a student visa may work up to 48-hours per fortnight during term and full-time during holiday breaks. If you are not a student visa holder you should check the conditions of your visa to see whether you are permitted to work.

For further information on working in Australia see: homeaffairs.gov.au

At ACU, students must attend lectures, tutorial classes and seminars, sit for examinations, and undertake practical and field trips as prescribed.

ACU Rome Campus

Life at our Rome campus is about so much more than study. You'll immerse yourself in Roman life, bond with other students from around Australia and the world, explore historic sites, improve your Italian and, of course, study.

You'll also have opportunity to go beyond the tourist sights and engage with locals in a meaningful way, such as working with the homeless and refugees among the Sant'Egidio community.

FEES

Exchange students coming to ACU will participate in an established exchange arrangement with an overseas university and are subject to their home institutions' tuition fees. If you are unsure whether your university has an exchange with ACU, please contact your university's international office for more information.

Study abroad students pay tuition fees directly to ACU for the semester or year they wish to study in Australia. Unlike exchange students, study abroad students can come through either established study abroad partners or non-affiliated institutions.

ACU study abroad fees are among the most affordable in Australia and are set at the one annual rate regardless of whether you are studying undergraduate or postgraduate units, or units across various disciplines.

For current ACU fees please refer to the Schedule of Tuition Fees:
acu.edu.au/study_abroad/info

Letter of offer and acceptance

ACU will assess your application within one to two weeks and if you are successful, we will email your official Letter of Offer. The Letter of Offer will include specific advice given by the course coordinator on unit selection or availability. You will need to return your completed Acceptance Form to ACU to confirm your place.

6.

Confirmation of enrolment

If you have applied for a one or two semester program: Upon receipt of fees and signed acceptance, the University will issue an electronic Confirmation of Enrolment (eCoE). This will allow you to apply for a student visa online.

If you have applied for the International July School: An eCoE is not required.

7.

Apply for student visa

Students enrolled in the International July School are not required to apply for an Australian student visa. All other students can apply for a student visa online or from the nearest Australian High Commission, Consulate, Embassy or Diplomatic Post. Once your student visa has been approved you should finalise your travel arrangements.

8.

Pre-departure

The study abroad and exchange coordinator will send you a Pre-departure Guide, and provide information regarding accommodation, airport reception and orientation activities. At this stage, ACU will also pre-enrol you in three to four of the pre-approved units listed on your signed acceptance.

9.

Arrival and orientation

Arrive in Australia and attend our orientation activities which are compulsory for all students. You will be issued with your student ID and be able to finalise your enrolment.
